

HELP MAKE YOUR STREETS & COMMUNITY SAFER!

Attend a community meeting in Paterson

Are you concerned about **safety** in your **neighborhood?**

Do you have ideas to make your streets more secure, vibrant, and attractive?

We want to hear your feedback on how to make our streets better for all, whether that's by improving street safety, transforming vacant lots or buildings, or creating new activities in public spaces. The meetings will focus on 'Crime Prevention through Environmental Design' strategies – an approach to reducing crime by making positive changes to our streets, buildings, and properties.
