	Bergen County Building Learning Center Public Room One Bergen County Plaza Hackensack, NJ 07601-7076	Eastside High School 150 Park Avenue Paterson, NJ 07501

## ABOUT THE PROJECT

NJ TRANSIT is working with Passaic, Bergen and Hudson Counties to assess the restoration of passenger service between Hawthorne and Hackensack. Of particular interest are development opportunities and constraints in the study corridor and extending service into Hudson County connecting to the Hudson-Bergen Light Rail Transit System (HBLRTS). The study will build off previous efforts and consider a range of modal options, station locations, and the potential of transit friendly land uses along the corridor.

Preliminary goals of the project include:

- ☒ Improve mobility options
- ☒ Improve transportation connectivity
- ☒ Support economic growth opportunities
- ☒ Develop a cost-effective project
- ☒ Enhance quality of life and minimize adverse environmental impacts

## YOUR INPUT IS IMPORTANT!

We would like to get feedback from you on your transit needs. Please join us on either date!
