### SAM BAT Fall League Description:

- SAM BAT Fall League Baseball is the fastest growing youth development program in North America with leagues in California, Texas, Tennessee, Alabama, New Jersey, West Virginia, Illinois, Pennsylvania, Maryland, and Ottawa, Canada. Each SAM BAT Fall League is managed and operated by professional coaches and organizations. SAM BAT Fall Leagues are designed to focus on player and skill development through an extended Fall season, and stress the importance of proper hitting technique using the same premium maple bats that more than 100 Major League Baseball Players use.
- The New Jersey SAM BAT Fall League was founded by Kevin Mulholland, a former Major Leaguer with the Cincinnati Reds, and Don Bosco star player. Kevin is a member of the Bergen Record's "All Century Team" who was called up to the Cincinnati Reds in 1980 where he was influenced by Legends and Hall of Famers Tom Seaver, Pete Rose, Joe Morgan, Johnny Bench and Tony Perez. He credits them with having a significant impact on his coaching style and work ethic. Kevin has used his more than 40 years of baseball experience at every level of play to design New Jersey's first SAM BAT Fall League.
- **The SAM BAT Fall League is the only league that provides a premium maple bat (\$90 value for 11U, \$129 value for JV-HS) to all registrants as part of the Registration Fee. Each player's SAM BAT will complement their physical characteristics and preferences.**
