

NOTICE TO RESIDENTS

STREET CLEANING

The Department of Public Works Street Cleaning operations will resume on Monday, February 3, 2020. Signs are posted on neighborhood streets indicating the respective day and time for scheduled cleaning. Residents are required to remove their vehicles on scheduled street cleaning days. Citations will be issued if your vehicle is not removed.

Clean streets keep storm drains clear of debris and reduce the potential for flooding.

William Rodriguez, Director
Department of Public Works
